

ALS50T-MI PRODUCT LAUNCH JULY 2020

MUD-IN LIGHTING SYSTEM THAT REFINES DYNAMIC SPACES BY INTEGRATING TOGETHER AS ONE WITH THE ARCHITECTURE.

We have extended the reach of our alumLEDs series, by introducing our new mud-in solution. We proudly introduce ALS50T-MI, our new mud-in recessed system. The ALS50T-MI impeccably integrates with the architecture and adds a touch of elegance to a contemporary space. Architects and lighting designers can now integrate the ALS50T-MI into their design to become one with the architecture, and together, the space and lighting system, will create a distinguished look with an inviting atmosphere.
